# HAPPY EASTER

I am so thankful you're here to celebrate our risen Savior, Jesus Christ, with us today. If you are looking for a local church to call home we would love to have you join us at MBC. If you are looking for deeper connection, I encourage you to stop by the Connect Desk so our team can help you connect to Christ-centered community

I also wanted to provide you with a resource on the historical evidence for Christ's bodily resurrection. Scan this QR code and take some time to read about why we can have confidence in the historical resurrection of Jesus!

He has Risen! He has Risen indeed!
